Debate	<i>Does modern society need a royal family?</i>	<i>Is racism a thing of the past?</i>	<i>Should you be forced to fight for your country?</i>	<i>Does the world pay more attention to natural disasters which affect the northern hemisphere?</i> <i>Should the western world pay for the consequences of natural disasters?</i>	<i>Which civilization has left more cultural legacies on the modern world, Greece or Rome?</i>	<i>Can we all afford to eat healthy meals?</i> Are famines more often acts of nature or the result of decisions made by people? Should all farming be organic?
