## “Releasing The Potential Within All”

What a busy and fantastic week we have had here at Beehive! Year 6 are busy rehearsing for their play and EYFS are putting together their first ever class assembly. The book fayre has been in the hall on Thursday and Friday and we will extend to an extra session for half an hour on Monday after school from 3:15-3:45 for last minute shopping.

### Year 5 Writtle College

Year 5 had a wonderful time at Writtle University College attending their Food and Farming event. Great fun was had by all. The children were ‘hands-on’ with animals, from alpacas to cows, tasted a variety of fruits and veg grown in Essex and were able to view a display from impressive farm machinery.

Thank you to the children for their fantastic behaviour, but also to our five wonderful parent-helpers who helped the day run smoothly!

Some children from Year 5 created scarecrows for Food and Farming event. They were judged and our very own ‘Megan Markle’ travelled with the children to Writtle (on the bus, not in the Royal Limousine!). The judges thought it was amazing and several wanted their photos taken with it!

### Year 2 Mini Games

Year 2 took part in the Chelmsford Mini Games and represented Kenya. They participated in a range of games including throwing, running and cup stacking. The children worked really hard and they all had lots of fun!

### Chatham Green Project

We had a fabulous two days of environmental science in school on Tuesday and Thursday this week. Two experts from the project came in and worked with Years 1, 2, 3, 4, 5 and 6 on a range of topics such as life cycles, plants, food chains and growth. The children were extremely interested and engaged and asked plenty of fascinating questions.

### Year 3 Chelmsford Museum

Year 3 had a great day learning about Marconi and exploring Maths. The children learnt all about the wireless and lines of communication. They also used their knowledge of compasses and angles to follow a line to track down an enemy. Finally, the children used various measuring tools to calculate the perimeter of a kite.

### Lunchtime Awards

Holly D and William B in Reception, Lexie P in Year 2 Matthew H in Year 3 were awarded for good manners and polite behaviour
